SPIRIT OF '84

Stewart,

Six years of being your friend and it's gone by fast and now it's time to say good-bye for a while. Now you won't have anyone to call a tramp or mean to! Will you be able to survive? I'll be looking forward to our 10 year reunion so I can see you walk in with diamonds on your fingers, driving the most expensive car in the world. I know you'll make it big someday and I hope you don't forget little ol' me. Maybe I'll make it big too, huh? Take real good care and maybe I'll see you around before that ten year reunion. I wish you all the luck in the world Stewart. We finally made it and we're actually going to graduate. It was whatever you do we sweated it out in civics, you in civics, especially since it made me feel comfortable if I didn't listen (which sometimes you might add never did) because you read what you didn't listen either. I'll more to this letter, I read what you wrote in my book, so I'll love your friend always,

Michelle Azpiroz

P.S. By the way, when you're a big time producer and need a beautiful actress who's young and inspiring (you know what I mean) give me a call! HA HA. Keep in touch and good luck in college (875-3263) 838 DeWitt Sanger, Ca. 93657

Well I'm really honored to be one person to sign your book! I can't begin to tell you how happy I am that we've become such good friends. You're such a wonderful person. I wish that the situation w/ "Kings Road" would have gotten better. There were so many obstacles! I really wanted to help. — We'll never forget Sr. Retreat. We sure had fun. I'd also like to thank you for putting up w/ me. Especially when I was confused about Michael. Stewart you have so much going for you, I just know you're going to be successful. I hope that you're happy too! You're a kind, caring, & sensitive person, and I really like you. Don't ever forget me when you're famous! Take Care & Good Luck!

Love You,
Michele

How can you do it, you're so successful and it was a wonder if you'd got me or not. I was only kidding about what I said to you June 6, 1984 - remember? I had fun at the prom just as you did. And I had lots of fun going to grad night and meeting what else — Boys. Well I guess you don't want to hear that stuff I suppose. So where should I start. O.k. lets go back in time, about 3½ yrs. ago, Mr Hansen's Algebra I, Class. You were sitting 3 rows behind me, And it was wonder if you would ever make it back to class because you were so sick. But I'm glad you came back to stay. You were the first one I told about you-know-who. I really could confide in you, and in the end Stewart knew best. And your production of Kings Road. Being so busy, I thought we'd never ever talk, And for a moment there I thought you were ignoring me or changing. I cannot decide between the two because after all these years we all change,

Stewart Elliott

for better or for worse, yet we Both became good people, I not as well known As you but still one of your friends. For A Time it did become hard to talk to you, I really didn't think I knew you And truthfully I started to have different thoughts Abaut where our Friendship WAS to go. But were a dying breed. You were There at A Time where I thought I would go crazy if I didn't tell what was on my mind but you seemed to be there. I hope its An experience for you staying AT The Brothers House. I must SAy Ihn going to miss the brother's and sister's And teachers of this school. Memorial was my life and staying on top of Things was difficult but school work was important, but Always second to my friends. Friend, I'll Always remember As I carry on A career of LAWyership, JournALism, Historian Announcer whatever. I do know my major will be History. How about yours. So I hear you're going to Irvine, That's a very good school. I hope you successfully fullfil your dreams There, Life without the security at SJM ~~would~~ won't be there but All will do well, we had good educators and An excellent class to go with it. Only time will tell. To my friend — give All you go, you deserve what you would get. k.I.T. And I mean it. TAke care.

Love YA Always, Julie E. Banda

HOMECOMING '83

On Friday night, October 28, Miss Laura Baker was crowned the 1983 Homecoming Princess, and Miss Debbie DeMera was crowned the 1983 Homecoming Queen.

The remaining candidates were Miss Maureen Cassidy, Miss Diane Furtado, and Miss Karen Neville.

Upon the crowning of Miss DeMera the 1982 Homecoming Queen, Miss Andrea Comporato was present at the crowning ceremonies.

Tradition held as each class paraded around the field with their Homecoming floats. This generated spirit through out the night. However, the Panther team fell to the Kingsburg Vikings 21 to 14 in a gallant effort.

"THE CLASS OF '84"

As our final four years together come to a close-
We realize it's over, it only shows.
It's time to say good-bye, but not for long-
For we will reunite and sing the same song.

Freshmen year, we were so scared and shy-
But we had no time to stop and cry.
For we were constantly being put to the test-
And as a class we rose above the rest.

As Sophomores we began to know more-
And we were given the space to explore.
But we still had rules to obey-
Or after school we would have to stay.

We made it as Juniors, all in one piece-
Even though we thought it would never cease.
We kept thinking one more year and we'll be on to
And then we'll never want it to stop.

As Seniors we've lighted the paths for others-
Our family, our friends, our sisters and brothers.
We learned responsibilities and how to take command-
We learned how to walk through this year; togethe
hand in hand.

As a class we've become united-
And we now have our goals sighted.
Soon we'll be off, on our own-
Showing one another we've all grown.

The friends we've made have pulled us through-
And faculty and parents have been there too.
Without one another we would never survive-
We'd be on our own and left to strive.

As a class we went to all the games-
And as Panthers we had no shame.
For we are champions, yes we are-
We've showed our ability and together reached the highest star.

Now as we prepare to graduate-
We know we've made it, and it feels great.
We shall soon walk our separate ways-
But the reflection of Memorial always stays.

Together we've shared good times and bad-
But our memories of one another will never be sad.
Because we'll always be the class with more-
We're the class of "84".

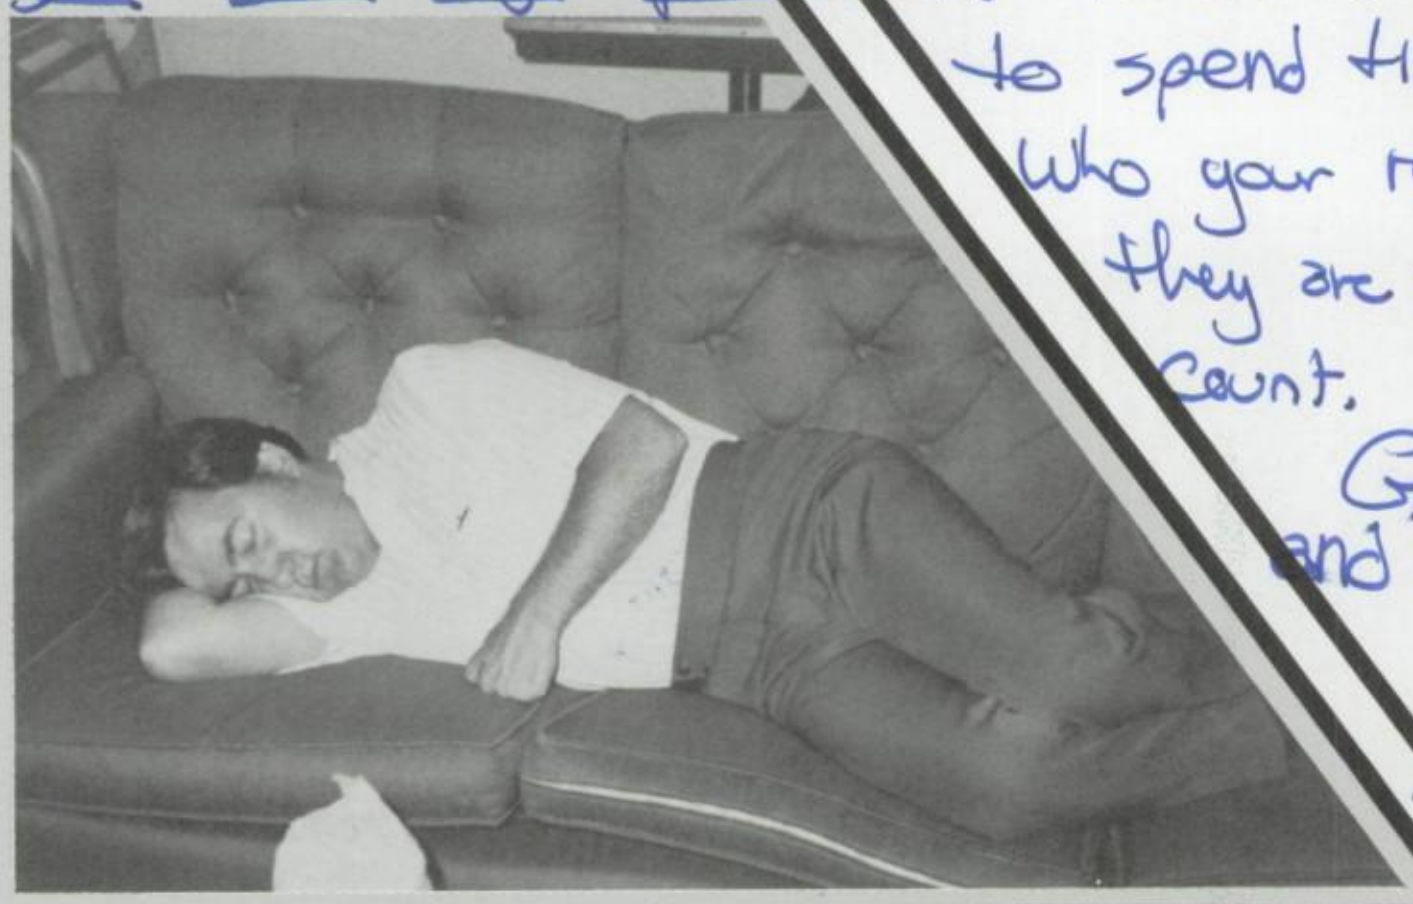
Stewart 1984

First of all, I want to thank you for all your help this year. It has been truly appreciated! Good luck in the theater and arts. Hope you find that perfect little niche in life that gives you what you are looking for.

I really enjoyed our conversations throughout the year. You are a very sensitive young man with an imaginative mind. Keep on dreaming and you will definitely reach the top. I consider you a very good friend of mine so keep in touch. I want to get tickets to your first major production! Don't forget! Remember to spend time dealing with who your real friends are, they are the ones that count.



God Bless you and Be truly happy

Your friend

Ski Club

Dispite the lack of snow this year, it didn't seem to stop the skiers of S. J. M. Their patience paid off and brought new snow. The Ski club has planned a trip to Mammoth during Easter vacation and once again the Ski club is one of the biggest clubs on campus. The 1983-84 Ski club was headed by President Dominic Caruso. Vice President Mike Stamolis, Treasurer Tessie Falk, and Secretary Diane Furtado.

Snap Happy Photographers

The Photo Club members strive towards learning about the art of picture taking and working to make our year book the best that it can be. This involves weekly meetings in which photo assignments are given out and the photographers explore pictures taken in order to learn how to take better pictures. But watch out! Photography can be contageous!

Varsity Boys In Action

For the third year in a row, the 1983 Boys Varsity football team represented the CSL in the Valley Play-Offs.

The Panthers started the season out slow with a disappointing loss to Clovis West 41 - 13. They bounced back to beat the Reedley Pirates 33 -7. The Panthers had a rough season playing against many teams who were bigger both in size and in the number of players, but this did not stop our mighty Panthers. In the last game of league play, our boys beat the highly favored Central Grizzlies 17 - 0. This proved to be a decisive victory for the Panthers. Our boys went on to win the coin toss to decide who would represent the CSL.

They won their first two play-off games; the first against Taft was an easy 14 - 6 victory. Our Panthers went on to beat the revengeful Yosemite Badgers 21 - 0.

In the championship game against our league rival, the Washington Union Panthers, our Panthers lost 22 - 8.

We would like to congratulate the boys varsity football team for hanving an excellent season.

Stewart, you're a considerate, ambitious, friend-
y, creative, sincere, intelligent, fun & talented
entleman. To sum it all up, you've got class.
hat was one of the things that impressed me
bout you. I don't know if many people at this
ge are even aware of what style is or how to
nd the significance of presenting a good image
o others. I feel that that's important and I
hink you've succeeded
n doing so.
Our previous "outings" together with "the girls"
ave been so fun. If only there
ere more time, I'm completely sericus about
etting together to catch up on "old times" and
o compare notes on the city-life & college.
shall have my uncles address where I'll be
taying by graduation to give to you. If you're
ver in the neighborhood (or just in L.A.) this
ummer I'd love for you to drop in or at least call.
e could drive down Sunset Boulevard!
I hope that the college
fe agrees with you. I'm
ure it will; you're mature
nough to handle the change
f pace. I expect to hear all about it
naybe when you find the time to revisit the
Hle town of Fresno you know,
he place where you attended high
chool.
I wish you the best of luck in all you do. Take
are, always
o it's fullest!

Dear Stewart,
I have so much to say to you; I hope I can find the space and time.
Only this latter semester did we meet, yet I feel as though it's been longer since I've known you. It's funny, I still don't recall you being on retreat.
We've shared some special memories together which I'll always be grateful to you, Christopher King, for. Our date to Marie Calendars and Swensen's was loads of fun. I learned so much about you. When I went home that night, I was shocked to find that someone my age (and a Virgo at that!) could be so accomplished, well-rounded and possess as many talents as you do. You have the wonderful ability to write (which is evident by your "soap opera" and by your journalistic Remember that interview with ? I must tell you - after reading that I felt so good. You certainly have the ability of making others feel good about themselves and to present a pleasant picture of them). You can direct, and most impressively, you can compose beautiful emotionly-stirring music. I mean that to. I absolutely love our class song! Have you considered going into music as a state hobby (or maybe you already have)?
The prom was unforgetable. Everything about the evening was so spectacular. I felt like a princess that night, riding in my coach to the ball I was all like a fairy tale, one that had come true for me - thanks to you. Being dressed up was so much fun... it's amazing how it can add to the excitement. Strangely enough, I felt as though we both were more nervous then than on our first expedition together. When I think back at that, I realize how silly that was. Instead of being calm and relaxed I was concerned about whether your boutonniere was on straight. Well that's all over but hopefully we've both learned by that having fun is most important in a situation as that.
and then there's the late King's Road. How I'll never be able to erase the memory from my mind. Showing up for shooting - only to have the cast not present or ever present. How you remained patient I'll never know. That must come with being the director, I guess. That experience I owe to you as well. I was apprehensive about diving into another project... especially acting (having no previous experience, with exception to a 5th grade Christmas play - where I held the large role of being the Christmas tree). But even so, you gave me confidence and persuaded me to give it a try. Thank you.

Congratulations to the 1984 Seniors!

After two rewarding years in yearbook, the second as Editor, I realized the importance of people-not just to me, but to the success of any worthwhile creative project.

An Editor can accomplish very little without the outstanding efforts of everyone else. An Editor is like the President of the United States- the source of leadership, but reliant on many others to be a success. It is my sincere belief that this book represents the culmination of an unusually productive cooperation among all concerned. An Editor can only ask for that.

Without the help of certain individuals, the quality of this yearbook would not have attained such excellence. In closing, I would like to express my special thanks to the following:

The S.J.M. Administration for taking the time and having the patience to check each and every picture of the book.

The S.J.M. Personnel for getting all of our bills out and helping us with those dreadful zip codes.

The S.J.M. Faculty for allowing us to take pictures of you, sometimes not at your best moments!

THe S.J.M. Student Body for all your contributions to our Ad Drive. We have Senior color!

The Senior Class for just being the best. Our school spirit and class unity brought us to where we are now, THE GRADUATING CLASS OF 198

Mrs. Petrutis for the use of your telephone, putting up with me, and just plain being there!

Ficarra Studios for those terrific color photographs. Senior portraits and Homecoming were outstanding, all because you care!

Henry Gutierrez for developing all of our color film. We can always count on you at deadline. We just "call Henry" and you get our pictures don

Stephanie Diaz for all your support of my crazy ideas. You are a great Co-Editor!

Patrick Combs and Lisa Lambright for all your hours spent in the darkroom. Our book would not have seen the light without them!

The photographers for volunteering their free time to take pictures!

The Spirit of '84 Staff for all your hard work and dedication to make this book a success!

Mr. Tom Larson for guiding us in the right direction. Without you and your help, I don't know where our book would be now, probably in the eas

Miss Gutierrez for taking on the biggest responsibility of all. Without your patience, dedication, help, ideas, and sense of humor, our book would have passed beyond the infant stage. Thanks for having enough confidence to choose me as an Editor. My crazy ideas (ex: balloons & kites) m have given you doubts, but you had faith in me and encouraged me to do my best. Best of luck to you and the Spirit of '85.

Editor-in-Chief
Rebecca Machado

In my past two years experience in putting the yearbook together, I have learned a great deal. These memories are ones that I won't soon forget.

I am very happy to say that I grew closer to more of my staff this year than I thought possible, in spite of our differences. We managed to pull through the rough parts, and come out with a bright shine!

When I stop and think about what I have done on this yearbook as Editor-in-Chief, at times I come to nothing. The only thing I did was to look over my staff and be sure they did their job. And in doing that, I could feel the pressure building up inside.

But now when I look back on my memories from S.J.M, I can only remember things that bring a smile to my face, and it leaves me with a refreshed feeling . . . because I think everyone is at their best with a smile on their face.

I would like to express a special thanks to the following people, because without them, our yearbook would have been a flop.

Mrs. Petrutis- Thanks for letting the yearbook staff come into your busy office and use the telephone. Believe me, it was greatly appreciated.

S.J.M. Administration- Thank you for taking time out to check over the many pages that you did. Especially the ones that were done on short notice. Without your patience, we would not have made our deadlines.

S.J.M. Personnel- Thank you for making sure that our yearbook pages went out in the mail.

Ficarra Studios- Thank you for the excellent color in the homecoming and senior photos, and for making sure that we all had our senior pictures taken on time.

Henry Gutierrez- Thanks for always being there when we needed an excellent photographer, and when we were in a rush to have a million pictures developed so that we could meet our deadlines.

.M Student Body- Thanks for making our school-wide ad-campaign a great success. Congratulations! We have color in our yearbook.

nior Class of 1984- We won the ad drive! Without our spirit and unity, we would have never done it. Thanks for doing a sensational job.

ristie Grady, Brigit Kitchen and Laura Ruiz- Thanks for always managing to put a little sunshine in my days, it always helped me to get through the day.

cki Machado- Thank for doing such a great job with the ads, and our ad-campaign, If it weren't for you, I'm sure that the business part of the yearbook would have fallen through.

Larson- You always seemed to say the right thing that would inspire me and keep me going, even when "all" the chips were down. And that smile and wink got me all the time.

s Gutierrez- You always kept after me to do my job and constantly reminded me that my job as Editor-in-Chief came first . . . Thanks for being you!

Combs and Lisa Lambright- Thanks for doing a great job in the darkroom. You two are a terrific pair!

otographers- Thanks for all the great pictures, without you there wouldn't have been anything to look at in our gangbook.

m & Dad- Thanks for always being there, I hope you will always be! Remember, I love you too!

arbook Staff- Seniors, you did a fantastic job, Juniors, keep up the good work.

. To everyone who I knew and who knew me, thanks for being my friends!

Thanks again to everyone,
Editor-in-Chief,

STEPHANIE DIAZ

Stewart,

May God continue to inspire you, and may you grow to know and Love Him more each day of your life.

Thank you for the joy you have brought... for the trust you have shown... and for the friendship you have shared.

Paul-André fsc

Dear Stewart,
my my "regret" is that I didn't think that I'd be here 20 years ago because I really regret we didn't become friends sooner. I'd like to go out into a funny movie and pizza with my friends and all ventures, with a wit & intensity, you put a great and all to what & must admire the importance & through is your outlook & the impression. I am going to think in the future, you are going to be the most well-known member of the class of '84 - but even if your pursuits change, you have the makings always with reflection. I'll remember you as a staunch Dupit proudly.

Sally Annette Riggs

Stuart,

This is it, babe. One little step for the seniors @ S.J.M, + one giant step for Stu + Jennifer!!

I remember in the first grade you claimed you had blue blood! And when we used to hold hands + walk to Food King together! What a couple of cute ones we were. Too bad we had to grow up, isn't it? It's so much easier to just play make-believe than face the grossness of this human race. Maybe that's why we both are going into the adult world of make-believe; acting & theatre.

Boy, when we clashed, we clashed. I think I know why, though. It's the virgo I think. And also just that we are so much alike. We even have the same basic faults, so when we are fighting we know how to touch the vulnerable points. But we also know how to give each other self confidence + encouragement.

Good luck Stuart, you don't need it, you've got all of the talents you need + more. Wish me luck + pray for me. We'll both need it. And if life ever gets too rough because of those harsh, cold, people out there, just give me a call + we can play house or somethin'. Love always,

Jennifer Ferrall

Stewart,

Where should I begin?

Until this year I really didn't know you that well, but you corrected that for sure. Asking me to be in the program (I still don't know why you did.) was the start. I was thrilled to be able to have that experience. Then Tom!! She should helped out that situation a lot and it surely helped out your situation with you know who. What an experience that show was. Especially the wedding scene you know I almost died doing that. But look what came out of it.

So I have you to thank for helpin to get things on the road. You have been a great friend this whole year despite never, ever talking to you before. I'm so glad that I found our friendship I will always remember our long conversations, and the soap, Disneyland, how I'll remember that the prom and so many other good memories.

And now there's college, you'll be off with Tom and I'm left here in the exciting town of Fresno. Don't you wish you could be in my shoes?

I have to admit that I owe a lot of my excitement this year to you. You have been a very special friend Stewart and I do wish you all the happiness in your life

Stewart

I know I had a lot to do with it

Stewart~

Well stewie babe, here we are, and i honestly can't believe it! Well, I'm going to be serious now. we've had so many good times and laughs, and I sure don't want to lose them. I know that you are going away to college but please keep in touch -- especially when you are home on vacation.

We've known each other for quite some time, but I wish that we could have been friends outside of school too. Well, knowing you has been great, and none of our memories will leave my mind. We've seen good + bad in each other, but the good overpowers the bad in you.

Keep in touch, and thank you for being such a good friend. Take care, and good luck.

Love you much~

Leslie

Dear Stuart,

My God! It's over - or at least almost over. It's hard to believe that everything I've worked so hard for is almost gone. All the friends I've made will all be leaving + going their seperate ways. It is a consolation to know that my genuine friends will still be in close reach, like you. I know pressure is coming in from all sides about going to Loyola. But I know what whatever you decide will be for the best + will not hinder our relationship.

I <u>know</u> there have been times in which we have not exactly been the "best of friends," & but true friends allow each other to see both sides of their personalities - both good & bad — + God knows we've seen each other's bad sides now + again.

Although we have known each other for 3 (short) years, it's only been this year that we've come closer together. We've experienced so much together that I know I could never forget you. Thank you for confiding in me all those times + thank you for allowing me to unburden myself on you. The entire "Not A.M" fiasco seemed to leave less of a scar on me since I was able to talk to someone, namely you, + receive a males point of view. You were <u>partly</u> right in the fact that we just wouldn't have been "<u>right</u>" for each other, but, contrary to popular belief, he is nice, + not a <u>total</u> jerk. I'm happy that things worked out for you with?

When I go to LA, <u>please</u> visit me. I <u>need</u> to see all my friends periodically. Leaving, for me, will be like going "cold turkey" from a drug + knowing me, I'll probably undergo withdrawal symptoms! You've been a great friend + I'm all the better for knowing you. (You're probably saying "I know".) If you ever need anything, let me know.

Lots of Love.

Cathy

Stewart,

What can I say after eight months of soap. Its been great to be involved in your project. I learned alot about acting in front of the camera and a lot about people. Although Dale may not be a romance she cert ainly is now considered a good friend.

I do hope your years here at San Joaquin have been good ones. Hopefully you have learned many things that will help you in your process of life. Just remember all of those lessons of life you have learned in the last 8 months!
